Our Mission

The Courtyard School’s mission is to provide a high quality, safe, positive and individualized educational experience using a research-based curriculum. Our focus is to ensure that the school experience provided prepares children for Kindergarten and beyond.

The Courtyard also seeks to create a rich and caring community of children, their families and faculty as we enrich the lives of our young learners. We work to strengthen parents and families by sharing the latest information on parenting and early childhood.

The Courtyard School, Inc.

The mission of the Vineland Public Schools is based upon the conviction that all students can learn. We recognize that a quality educational experience is the result of a strong partnership of parents, teachers and the community. We challenge and encourage students to become active participants in the quest for excellence. Our goal is to ensure a safe, creative, stimulating and caring environment which promotes self-esteem, sound character, responsibility and respect for diversity. This atmosphere will enable students to become knowledgeable, skillful, life-long learners who are contributing citizens in our changing society. We expect the best from our students and will give no less of ourselves as educators.

Welcome from the Director of The Courtyard School

As long time educators, we welcome our most recent member of the Vineland school community – your child. Your child is here because you believe that early childhood education is important. All the educational research proves that you are right.

For your child to get the most out of the school year, daily attendance and arriving on time are of course, important. Routine helps your child anticipate and be prepared – ultimately consistency builds trust. So, plan for your child to have early bedtimes, wholesome natural nourishment, and a stress-free and safe home. Little ones have only a few years of experience in their world – they try to make sense of what they see, hear and feel. It’s up to the adults in their lives to insure their safety and well-being. No other job is more important.

If you have concerns about your child’s well-being or development please contact me at your convenience. Let’s all begin this year with a commitment to work together for the best of our children – which also means for our families.

Sincerely,
Lewis M D’Ippolito

About the Courtyard School

Thirty-eight years ago five people began to work on a dream. A place was important, the design should be special, it should feel comfortable, inviting and welcoming. Every room should be filled with windows and a door that opened to the outside. And so, The Courtyard School had its beginning. In 1983 The Children’s Courtyard opened with a real courtyard surrounded by fruit trees.

Today The Courtyard School is built on a 5-acre lot, which encompasses an enclosed courtyard designed for gross motor, games, science exploration, music, small group learning and exercise. In addition to the courtyard the school grounds also accommodate a swimming pool, playing fields and sensory and vegetable gardens.

The Courtyard School was founded by Ann G. D’Ippolito and remains a private school under the leadership of Lewis M D’Ippolito, Director; Anita D’Ippolito MacDonald, Vice-President and Family Worker; and Lisa D’Ippolito Sloan, Early Childhood Specialist and Head Teacher.

Since 1983, The Courtyard School’s most important mission has been to foster in students a lifetime love of learning. As learning grows, a student begins to acquire the confidence and creative skills necessary to form the question, rather than just to look for right answers. In the changing world in which we live, this is vital.

Through family outreach services, we provide resources with individual and group parent education and support tailored to the needs of our families. We seek to strengthen and support the larger community.

We participate with Grow NJ Kids, “New Jersey’s program to raise the quality of early care and education . . . across the state. New Jersey’s Departments of Children and Families, Education, Health and Human Services, have collaborated to create a program with two goals:
to help all types of early care and education to continuously improve and to provide parents with information to help them select a high quality program.” *

*Grow NJ Kids, Early Care and Education Programs Self-Assessment Tool p. 2

Hours of Operation, School Schedule and Contact Information

**Hours of Operation (September to June)**

- 7:00 School Opens for Wraparound Program*
- 8:00 Breakfast begins for children in Wraparound.
- 9:00 Breakfast ends for children in Wraparound
- 9:30-9:45 Breakfast for children in regular day program
- 9:45 Greeting Time (Educational Program begins)
- 12:15 – Lunch and Rest
- 1:30 Centers open for non-resting children
- 3:00 Snack
- 3:30 Educational program ends. Car riders are dismissed.
- 3:30 Children board busses and depart school.
- 3:40 PM Wraparound Program begins.
- 5:30 School Closes

**Parental Notification**

Parents/guardians will be contacted by phone in case of an emergency, or if your child should become ill while at school. If you child suffers a minor scrap or other injury, written notification “Oops” slip will be sent home in lieu of a phone call. **In case of Inclement Weather** – You will be notified by phone by the Vineland Board of Education of any school closings, late openings or early dismissal. We also use Remind texting service, which you will be invited to participate in should you wish – this service will be used for general school reminders.

**Wraparound Care**

We offer before school care from 7:00-9:30 am and after school care from 3:30-5:30 PM. You may choose to use wraparound for just mornings, afternoons or both, or per day as needed.

You may qualify for tuition assistance through: Rutgers Southern Regional Child care Resource & Referral Agency at 415 W. Landis Avenue, Suite 202, Vineland (856) 462-6800. Contact the school’s main office and we can explain how to apply and give you the necessary paperwork.

**Contact – Main Office** (856) 692-0414

- General Information & Billing questions, change in your child’s dismissal arrangements, to call in your child’s absence, contact the main office.
- Classroom or curriculum information, contact your child’s teacher.
- Behavioral, parenting issues, contact your family worker at the main number.

**Communication:** Every child will be given a folder to carry papers and notices back and forth from home to school. It is important that you check your child’s folder daily and also use the folder to send notes to your child’s teacher.
What Your Child Needs for School

1. One book bag to transport clean and soiled clothes, news from your child’s classroom and important flyers from the school. **Never transport medication in your child’s book bag; please bring it to the office where we can receive directions from you on how to administer your child’s medication. The Medication Consent Form must be completed by both you and your child’s doctor.**

2. Two complete sets of clean clothes and an extra pair of shoes. These will be kept at school. When weather changes, we will send home the clothing no longer appropriate for the weather – exchange the clothes for the season. Label everything! **Additional masks.**

3. Another bag for bedding – crib sheet (to cover the cot) and sheet or blanket to cover your child. Bedding will go home each week on Friday to be washed and returned on Monday. Label everything! **No soft toys or pillows allowed at this time.**

**DRESS CODE – Uniforms Required**

- Black or Khaki pants, skirts, jumpers or shorts
- Black, white or red colored shirts in a single solid color, long or short sleeve (no print or logo larger than 1 ½ inch)
- Black, white or red cardigans, sweaters, or sweatshirts (no hoods) in a single solid color (no print or logo larger than 1 ½ inch)
- Leggings are allowed if worn under a jumper or skirt.
- Sneakers and shoes must have closed toes (no flip flops or open sandals) and worn with socks. Large body movements are critical to your child’s physical and mental development. The way you dress your child can either hinder or help that developmental process. Improper clothes can cause playground accidents. Necklaces, earrings and bracelets can get caught and injure your child. So, high top boots and jewelry cannot be worn to school due to safety concerns. In cold weather, be sure to include hat, gloves and scarf (that is not too long and can be tucked in).

What needs to stay home
- Jewelry and toys (other than a plush toy for naptime)
- Gum & candy
- Special or sentimental items
- Pacifiers and Sippy cups
- Food - We are a peanut free school and often we have a child who also has an egg allergy. Therefore no food from home, unless prior permission from administration.
- **No soft toys or pillows.**
Transporting Your Child

During the Pandemic:
Use the gravel drive and playground entrance at this time for temperature checks.
Have your child’s name and ID number prominently displayed in the passenger window.
- Both child and adult must be wearing masks.
- Car engines must be turned off if you need to get your child out of the car seat.
- Our school is a no cell phone zone. Turn off our cell phone upon entering the school grounds. You need to connect with your child and school personnel. Private conversations are just that and are not to take place in the building or where others can hear you.
- Your child’s teacher and/or assistant will take your child to the classroom.
- Children arriving after 9:35 will need to use the front parking lot and office entrance.

Picking Your Child Up from School Use the gravel drive and playground entrance at this time.
No one can pick up your child unless we have your authorization on file and the person you have designated is at least 18 years of age. Carefully read Division of Human Services Policy on the Release of Children, which can be found in the appendix.

Bus Transportation
Busing is provided by the Vineland Board of Education (856-794-6700 ext. 2222).

- Children are required to wear masks and remain in their assigned seats.
- Wait at the pick-up spot and not inside your home.
- If the driver can’t see you, he will not stop.
- Buses can run late the first weeks of school.
- The bus will leave school at 3:30 PM. If you are not at your stop when the bus comes, your child will be taken back to Transportation/Registration Department, located at 61 West Landis Avenue, where you can pick him up. (856-794-6700 x 2)
- On inclement weather days, fewer children ride the bus; therefore expect that the bus will arrive sooner to your stop.
- If you know you cannot meet the bus, call the school before 3:00 PM and we will put your child in the wraparound program (fee required).
- Bus drivers will not leave your child with unfamiliar people, unless you provide that in writing and speak to the driver in the morning.
Safe, Healthy Learning Environment

“A high quality learning experience can only be facilitated in a safe and healthy environment. An enriching environment must use appropriate classroom furnishings, maintain sanitary conditions, promote a healthy lifestyle, and have a teaching/caregiving team that works from a meaningful plan based on the developmental abilities and capacities of the children.”

*Grow NJ Kids, Early Care and Education Programs Self-Assessment Tool p. 3

Your child’s health and safety is our primary concern. If your child is injured first aid will be administered and you will be notified with an OOPS slip. However, if a more serious injury occurs we will call you. Therefore we must have your current phone numbers, address, and place of employment in the office file. Every day a parent or someone you list as authorized, must be available by phone in case of emergency.

The Courtyard cooperates with all Department of Human Services (DHS) inspections and Division of Child Protection and Permanency (DCPP) investigations. DCPP personnel may interview both staff members and children, as they deem necessary.

- Each classroom is equipped with a First Aid Kit, and staff is trained in Pediatric First Aid and CPR.

- Food & Nutrition: No outside food is allowed at this time.

We provide all nutritious meals for your child, which include fresh fruit, vegetables, milk and juice. We will post the menu on our website or send it home to you. An outside vendor provides lunch. The vendor’s and our kitchen are both inspected by the Vineland Health Department. We will also ask you about any dietary restrictions and needs for your child and provide any supplemental food necessary. If your child does not like the entrée offered, we will provide a healthy alternative.

Our school participates in the Federal Food Program and therefore all meals are free for your child. Each family must complete a Child and Adult Care Food Program Eligibility Application. (See the CACFP Nondiscrimination statement in the Appendix.)

We are a peanut and nut free school. Absolutely no peanuts, peanut butter or items made with nuts are allowed into school. Each year we have children with peanut or other food allergies. Therefore no food is allowed into school without prior permission from the administration. Cupcakes only (and with prior notification, with printed label of ingredients) may be brought to school for your child’s birthday.

**If your child has eaten peanut butter or nuts prior to coming into school**, make sure that his/her hands and face are washed thoroughly to remove any traces of peanuts, which could be transmitted to another child.

We offer breakfast to students each morning until 9:45. If you cannot arrive between 9:30 and 9:45, plan to feed your child at home. Also, remember to use **best parenting practices** when feeding your child a nutritious breakfast in the morning – low sugar, complex carbohydrates, unsweetened milk, whole fruit, eggs - these are all choices that will help your child do his/her best. Cookies, Pop-Tarts, high sugar cereals all lead to sugar crash, which leads to difficulty concentrating, lethargy, moodiness, allergy symptoms and acid reflux (all documented) in children.
Rest
We provide a cot for napping and resting at school. You must provide the bedding. Naptime is usually about an hour, however, some children sleep a little longer. Please make sure you have a set bedtime and routine for your child. So have your child in bed by 8:00 pm, with story and special time with you. Turn off the TV – it stimulates the active brain wave patterns and will cause sleep disturbances in the young child. A sleep-deprived child cannot function well, becomes more easily frustrated, will have difficulty focusing and will be more susceptible to illness.

Illness and When to Keep Your Child Home
Young children do get sick often, especially when it’s their first year of preschool and because they easily transmit illnesses to each other. For the care and comfort of your child, and to reduce the risk of spreading viruses, do not send your child to school with these symptoms:

- Recent contact with a person having been diagnosed with Covid19
- A fever of 100.9º or more in the past 24 hours, without fever reducing medications
- Acute vomiting or acute diarrhea
- Heavy nasal discharge
- Persistent cough or sore throat
- Skin rashes in conjunction with fever or behavior changes
- Severe pain or discomfort
- Red and discharging eyes
- Yellow eyes or jaundiced skin
- Stiff Neck
- Mouth sores with drooling
- Skin lesions that are weeping or bleeding
- Difficult or rapid breathing
- Head lice (must first be treated at home)

Until these symptoms have passed for 24 hours, or until we have a doctor’s note, keep your child at home.

The Importance of a Medical Home  It’s important that you keep records on your child’s health care and treatments, immunizations, medications and illnesses, so that you have a complete record of your child’s health. Make sure that your child’s pediatrician is consistent, and if you used either urgent care or emergency facilities, that you inform your child’s pediatrician and bring any documentation of medical care your child received on the next business day. Follow-up with your child’s pediatrician after an emergency visit is necessary so that you obtain instructions on how to best care for your child, so that he completely recovers. We will make sure at your first visit to the school that if you do not have a copy of your child’s Universal Health Record, we will give you a copy.
If Your Child becomes Sick at School. If your child should get sick at school, we will keep him comfortable and call you. Your child will be quarantined in a separate empty classroom with the classroom assistant. Therefore be prepared to pick up your child if any of the above symptoms are present. If you are not available, you must provide for another family member or designee to pick up your child.

All Medications
- Only doctor prescribed medication may be administered for both prescription and over-the-counter medications.
- **Medications must be hand delivered by you to the front office and you must give office personnel training on how to administer the medication.** Never bring medication to the classroom or put it your child’s book bag. It is very dangerous for anyone other than your child to use the medication.
- All medications must be in their original container with your child’s name.
- We must have a signed **Medical Consent Form** (see form in Appendix)
- Asthma Action Plan & Breathing Treatments – Children with asthma must have an Asthma Action Plan provided by the doctor with the Medical Consent form. We have a nebulizer for your convenience, but you must provide the tubing, cup and mouthpiece.

Finally, family workers will provide resources to you on such topics as: preventive health care, mental or behavioral health issue, nutrition and obesity, the dangers of second hand smoke, bicycle safety, healthy meals and sleep habits, preventive dental care, communicable disease prevention and information of when flu shots will be available at our school.

Curriculum and Learning
The Courtyard School’s program brings the best resources and faculty together to provide children with the necessary skills and experiences to be prepared for success in kindergarten. The integrated curriculum is filled with math, language, and literacy, writing and reading experiences as well as science exploration, and music and body movement, while providing positive social experiences throughout the day. In cooperation with the Vineland Board of Education, our school implements High Scope Curriculum.

Teachers also use their skills to customize the learning experience for children with a range of individual differences which include children with disabilities, cultural and linguistic diversity and the needs of students for whom English is a new language. To help accomplish this, district Master Teachers and Preschool Intervention Team (PIRT) are available to coach and provide support to classroom teachers and assistants.

Absences and Tardiness Regular attendance and being on time for school are both essential in order to allow your child to develop social skills with peers, learn the school routine, feel part of the group and maximize the learning opportunities. Habitual tardiness interrupts the classroom flow and leaves your child feeling out of sync for the day. If your child is absent,
please call the front office. We track and monitor attendance and submit it to the Vineland Board of Education. If your child is absent more than three consecutive days and we have not heard from you, you will be contacted. **If your child is out for more than 3 consecutive days due to illness, we must have a note from the doctor stating the child may return to school, listing any restrictions if needed. Doctor’s notes must be received on the day your child returns from absence.**

**Vineland District Policy:**

**Absences – and school not notified**

- Child Absent 3 days – Teacher calls home
- Child absent 5 days – Family Worker calls home.
- Child absent 7 days – Administration calls home and arranges meeting with parents/guardians.
- Child absent 10 consecutive days – student will be dropped from the preschool program.

**Tardiness (Arriving after 9:45 a.m.)**

- If child chronically tardy (late or absent at least 2 times within one week), teacher will contact home.
- If child continues to be late, Family Worker contact the home.
- If child continues to be late/absent at least 4 times within 2 weeks, Principal will send letter home.
- If all these steps do not seem to improve the child’s punctuality or attendance, the Administration will review options.

**Your Child’s Day & the High Scope Curriculum**

**Large Group Time**
Large-group time brings children and adults together for action songs, cooperative games and projects, movement activities, group storytelling, and other planned learning experiences.

**Small Group Time**
Children explore, discover and experiment with familiar and new objects. As children describe and respond to their experience, language can develop.

**Worktime (Plan, Do, Review)**
Children put their activity plan into words. Then they carry out their plan, and afterwards share their experiences with the group. Children may share their plan verbally or by writing and/or drawing their experiences. An adult may begin plan time by asking, “What would you like to do today?” As children carry out their plans, adults observe and facilitate the play experiences and extend language.
**Playground**
Playground time gives children an opportunity to practice cooperative and independent play and exercise large muscles. Large muscle development is essential to a child’s ability to read and write.

**Our Teaching Staff** – Teachers, assistants and the director all participate in ongoing professional development in Early Childhood, and family workers in parent education and social services.

Policy on the Use of Technology and Social Media
Our school follows the Vineland Board of Education Policy 2361 **ACCEPTABLE USE OF COMPUTER NETWORKS/COMPUTERS AND RESOURCES.** Please see the complete policy in the appendix.

**Positive Guidance and Discipline Policy**
Our school uses the most current researched based information to insure your child’s day is monitored in a manner that is active, safe and positive. Whether child-to-child or adult-to-child interactions, the emphasis is on the desired behavior rather than stating what is not desired. However, clear expectations, consistency, and following through are key components to your child’s socio-emotional success as well. Continuous reinforcement of expectations and problem solving strategies are taught to help facilitate this learning goal. In circumstances when safety is an issue more direct language is used in order to return to a safe learning environment.

The two educational models used are the High Scope Curriculum and the Pyramid Model, both published and supported by ongoing research and training by professionals in educational and behavioral fields. Active learning depends on positive adult/child interactions guided by understanding of how children think and reason. Adults use positive interaction strategies, share control with control in appropriate ways, focus on children’s strengths, form authentic relationships, support play, and teach problem solving techniques for use in social conflict. Adults offer encouragement rather than a child management system based on praise, punishment and reward. This relationship with children has long term as well as immediate benefits as it teaches children how to form positive relationships for themselves. See also **Guidelines for Positive Discipline** in the Appendix, page 23.
Family & Community

“Children learn in the context of their families. For some children, the term “family” includes a large number of people, and for other children, family consists of just a parent or grandparent. In either scenario, family and community have significant influences of young children through cultural background and local values.” *Grow NJ Kids, Early Care and Education Programs Self-Assessment Tool p. 13

Our Family Workers & the Family Development Program help families foster these strengthening factors:

- Parental resilience
- Social connections
- Knowledge of parent and child development
- Social and emotional competence of children
- Concrete support in times of need

As family workers we provide resources to our school community and your family, and visits with each family at least three times a year. Family visits can take place in your home, our school, or another agreed upon setting. Please see the Home Visiting Policy in the Appendix. In addition to the visits, we offer monthly parent events. All newly enrolled families will be given a Strengthening Factors Survey, adapted by our family workers to specifically address the needs of our school community’s parents. Family visits will be virtual at this time.

**Family Visits** The heart of the family development program is the family visit. As credentialed parent educators, we share information on child development, offer age-appropriate activities in various areas of development for you and your child to do together, tackle daily parenting issues, and help families set and reach goals. Family visits need not be more than 15 minutes. Family visits will be virtual at this time.

**Family Workshops & Programs**
Throughout the year we offer parent and family events on such topics as literacy, positive parenting, multicultural events, parent-child activities (like Dancing’ with Dads) and others, which are tailored to your family’s needs and interests of our parents. We always provide Spanish translation and childcare by our own staff. Look for flyers in your child’s book bag and check out the Courtyard School website. Workshops will be either virtual or socially distanced at this time.

**Visiting the School** Parents or guardians of enrolled children, unless you are here to pick up your sick child. Parents must arrive in masks.

Parents or legal guardians are strongly encouraged to briefly visit the school with your child before beginning school. Family workers will explain the program, and ask you questions to better prepare for your child. Both parent and child get a true sense of the environment and the welcoming feel of the school and the classroom. This mental image will help prepare your child before the first day.
School Calendar
At the back of this handbook is a calendar of Conference Dates, Special Events, Holidays, School Closings and Legal Attendance Days. However see our website, classroom newsletters for changes to the calendar. We will also text reminders and announcements to your cell phone via Remind App.

Parent Involvement

- **Volunteering at School**  We invite you to share a story, talent, interest and your assistance in the classroom and for special events. This option not available at this time in school.
- **Courtyard Parent Support Association** CPSA meets quarterly to address the needs and concerns of the parents and to support the community of our school, including activities to promote multicultural learning.
- **Cumberland County Council for Young Children** Through the Department of Children & Families, the council was established “to strengthen collaboration between parents, families and local community stakeholders with health, early care and education, family support, and other service providers. . .participants work together using the Strengthening Families Protective Factors Framework to develop mutual goals and recommend creative strategies/solutions that respect the views and priorities of diverse families in the community. For more information, see your family worker or contact Vivian Henry, Project Specialist, at henryv@ihn.org. IMPACT, 860 N. Orchard Rd., Vineland (856-285-7715)

Vineland Early Childhood Advisory Council
VECAC meets quarterly to address the needs of our youngest learners in Vineland. VECAC also coordinates and plans the annual Little Folks Festival.
For more information, contact your family worker, or Heather Johnson, Community Parent Involvement Specialist at Dallago Preschool.

Community Resources
We have a quick guide to frequently used resources, which is located in the Appendix. If you have a need, you can contact these agencies directly or with the assistance of your family worker. If you have a need or interest that is not listed, please see the comprehensive book of community resources located in our office and contact your family worker. We are here to support our families!

Vineland District Support and Health Services
  The Vineland Board of Education provides the community with a complete Child Study Team
  for children with Special Needs and their families. Services include:
  • Speech and Language Therapy
  • Occupational and Physical Therapy
  • Inclusion and In Class Support
  To reach the Preschool Child Study Team, call (856-794-6700 ext. 6641)

Screenings – All children will be screened to help identify potential services (as above) they may
benefit from. Their classroom teacher will screen children during the school year use the Early
Screening Inventory. Families are then notified through the mail the results of their child’s ESI
screen.  Students who are all virtual must make an appointment for your child to be screened
by his/her teacher at the school.
The Vineland District also provides a **School Nurse** who provides the following services:

- Vision & Hearing Tests
- Weight
- On call additional assistance to the school as needed.

To reach the District Health Center, call 794-6700 ext. 6653

---

**Summer Camp at The Courtyard**

Our summer program welcomes preschool children (those who will turn 3 years by October 1 for the fall school year) and elementary children up through 12 years of age. We offer summer enrichment, flexible scheduling, free daily swim and lessons by an experienced certified lifeguard and swim instructor, and all meals. We have teachers and assistants who offer engaging and enjoyable activities for your child – they love it and we have many returning families year after year! The program is offered for July and August, for eight weeks. Please ask at the office for registration and tuition agreement forms. Remember, your family may qualify for tuition assistance through CCR&R.

**Things to know**: (a separate

- Camp hours are 7:30 AM to 4:30 PM daily. (Hours subject to change)
- Hair must be pulled back into a ponytail.
- Sunscreen must be applied before camp. You may send in extra with your child’s name on the container, so that we can reapply as needed.
- Children should arrive dressed with swimsuit on, cover-up, and in sneakers with socks.
- Provide flip-flops for walking to and from the pool area only.
- Breakfast will be served at 9:00 am.
- All children must have a complete set of clothes.

Federal Non-Discrimination Statements

“This is an Equal Opportunity Program”
The Courtyard School is an equal opportunity program. No participant, employee or student, will be discriminated against because of race, color, religion, national origin, disability, genetics, retaliation, veterans, age or gender.

The U. S. Department of Agriculture prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual’s income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

To file a complaint alleging discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usdagov/complaintfilingcust.html, or any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339, or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer.
The Courtyard School
Family Development Program

Family Visits & Home Visiting Policy

Our family workers are trained in the Comprehensive Curriculum of the Cornell Family Development and credentialed through the Rutgers School of Social Work.

**Family Visits** The heart of the family development program is the family visit. As credentialed parent educators, we share information on child development, offer age-appropriate activities in various areas of development for you and your child to do together, tackle daily parenting issues, and help families set and reach goals. We also help families access specialized services. *Family visits need not be more than 15 minutes. Family visits are virtual at this time.*

Visiting with your family in your home has distinct advantages over visits in the school.

- First, we can come to you, when you are unable to come to the school.
- We can work with more of the family members.
- We can work with your family in your own setting, which may be more comfortable for you.
- We gain a better understanding of your family’s life and strengths.

As with any family visit, whether at school or in your home, we maintain confidentiality. We never come unannounced unless your child has been absent and we have not been able to reach you. We do not visit your home to inspect it, rather we find that the home setting is often more enjoyable and relaxing for the family. We have found that visiting in your child’s home makes him/her feel special and trusting! After home visiting, we have often heard one of the children smile and say, “Remember when you came to my house?”

If we do plan to visit your home, please secure your pets in another room of the house, and turn off the TV, so that we can focus on you and your family without any distractions. We prefer home visits during the school hours, because we must sign out of school, inform administration where and with whom the visit is, and then check back in at the end of the day.
The Courtyard School Expulsion Policy
DEPARTMENT OF HUMAN SERVICES PROGRAMS ONLY

Rarely do we find it necessary to suspend a child from attendance for a short term, or permanently expel a child from our school. We will do everything possible to work with your family in order to prevent the need to enforce this policy. The following are behaviors and reasons that would result in expulsion or suspension of your child from The Courtyard School:

CAUSES FOR IMMEDIATE EXPULSION
Your child is at risk of causing serious injury to other children or to himself. Parent threatens physical harm or acts to intimidate staff members. Parent is verbally abusive to staff in front of enrolled children. Other reasons determined by the Director.

PARENTAL ACTIONS FOR CHILD’S SUSPENSION OR EXPULSION
Parent/guardian fails to pay or habitual lateness in making payments. Parents/guardian fails to complete required forms including the child’s health and shot records. Frequent lateness picking up your child from school. Other reasons determined by the Director.

CHILD’S ACTIONS FOR SUSPENSION OR EXPULSION
Child fails to adjust to school after a reasonable amount of time. Child behaves with frequent uncontrollable tantrums or angry outbursts. Child displays frequent physical or verbal abuse to staff or children. Other reasons determined by the Director.

SCHEDULE OF SUSPENSION AND EXPULSION
If remedial actions have not worked, the parent/guardian will be notified verbally and in writing about the child’s or parent’s behavior that warrants suspension and the duration of the suspension. You will also be informed about the expected behavioral changes required in order for the child or adult to return to the school. A suspension period allows time for the parent/guardian to work on the behavior outside of the school setting or come to an agreement with the school. Failure of the child or parent to comply with the behavioral changes may result in permanent expulsion from the school.
The Courtyard School Medication Administration Policy

Our school must tell parents about our policy on administering medication and health care procedures to children. When we administer any medication or health care procedure to a child, we will follow these procedures.

Whenever possible, it is best that medication be given at home. Dosing of medication can frequently be done so that the child receives medication prior to going to school, and again when returning home and/or at bedtime. The parent/guardian is encouraged to discuss this possibility with the child’s health care provider.

The first dose of any medication should always be given at home and with sufficient time before the child returns to school to observe the child’s response to the medication given. When a child is ill due to a communicable disease that requires medication as treatment, the health care provider may require that the child be on a particular medication for 24 hours before returning to school. This is for the protection of the child who is ill as well as the other children in school.

Our school will give prescription and over-the-counter (non-prescription) medication or health care procedures to a child with a short-term illness.

Our school will provide reasonable accommodations for the administration of medication or health procedures to a child with special needs, if failure to administer the medication or health care procedure would jeopardize the health of the child or prevent the child from attending the school.

Parents must provide written permission before any medication or health care procedure is administered to a child. Written permission is also needed if a school-age child is permitted to self-administer medication or a health care procedure. The Medication Consent Form provided by The Courtyard must be used and signed by both the child’s health care provider and a parent/guardian.

Medication must be in its original container and labeled with the child’s name, the name of the medication, the date it was prescribed or updated, the expiration date and directions for its administration. If a child may need a health care procedure while at the center (such as use of a nebulizer, glucometer, or Epi-pen), parents must let us know who can provide appropriate training for our staff, and how we can contact the health care provider.

Medication will only be given according to the directions on the label, unless we have other written instructions from a health care provider. A health care provider’s note is also needed for any type of non-prescription medication other than topical (skin) preparations such as sunscreen and diaper rash preparations.

Medication or health care procedures will only be given by authorized staff who are informed of the child’s medication and health care needs. If a child shows any adverse effects of the medication or health care procedures, parents/guardians will be notified immediately. Unused medication and health care equipment will be returned to parents when no longer being administered.

We will maintain on file a record of:
1. The child’s name and parental authorization;
2. The name of the medication;
3. The condition for which the medication or health care procedure is being used;
4. The instructions for administering the medication were administered to the child;
5. The time and by whom the medication was administered to the child; and
6. Any adverse effect the medication may have had on the child.
Under provisions of the Manual of Requirements for Child Care Centers (N.J.A.C. 3A:52), every licensed child care center in New Jersey must provide to parents of enrolled children written information on parent visitation rights, State licensing requirements, child abuse/neglect reporting requirements and other child care matters. The center must comply with this requirement by reproducing and distributing to parents and staff this written statement, prepared by the Office of Licensing, Child Care & Youth Residential Licensing, in the Department of Children and Families. In keeping with this requirement, the center must secure every parent and staff member’s signature attesting to his/her receipt of the information.

Our center is required by the State Child Care Center Licensing law to be licensed by the Office of Licensing (OOL), Child Care & Youth Residential Licensing, in the Department of Children and Families (DCF). A copy of our current license must be posted in a prominent location at our center. Look for it when you’re in the center.

To be licensed, our center must comply with the Manual of Requirements for Child Care Centers (the official licensing regulations). The regulations cover such areas as: physical environment/life-safety; staff qualifications, supervision, and staff/child ratios; program activities and equipment; health, food and nutrition; rest and sleep requirements; parent/community participation; administrative and record keeping requirements; and others.

Our center must have on the premises a copy of the Manual of Requirements for Child Care Centers and make it available to interested parents for review. If you would like to review our copy, just ask any staff member. Parents may view a copy of the Manual of Requirements on the DCF website at http://www.nj.gov/dcf/providers/licensing/laws/CCCmanual.pdf or obtain a copy by sending a check or money order for $5 made payable to the “Treasurer, State of New Jersey”, and mailing it to: NJDCF, Office of Licensing, Publication Fees, PO Box 657, Trenton, NJ 08646-0657.

We encourage parents to discuss with us any questions or concerns about the policies and program of the center or the meaning, application or alleged violations of the Manual of Requirements for Child Care Centers. We will be happy to arrange a convenient opportunity for you to review and discuss these matters with us. If you suspect our center may be in violation of licensing requirements, you are entitled to report them to the Office of Licensing toll free at 1 (877) 667-9845. Of course, we would appreciate your bringing these concerns to our attention, too.

Our center must have a policy concerning the release of children to parents or people authorized by parents to be responsible for the child. Please discuss with us your plans for your child’s departure from the center.

Our center must have a policy about administering medicine and health care procedures and the management of communicable diseases. Please talk to us about these policies so we can work together to keep our children healthy.

Our center must have a policy concerning the expulsion of children from enrollment at the center. Please review this policy so we can work together to keep your child in our center.
Parents are entitled to review the center’s copy of the OOL’s Inspection/Violation Reports on the center, which are available soon after every State licensing inspection of our center. If there is a licensing complaint investigation, you are also entitled to review the OOL’s Complaint Investigation Summary Report, as well as any letters of enforcement or other actions taken against the center during the current licensing period. Let us know if you wish to review them and we will make them available for your review or you can view them online at https://data.nj.gov/childcare_explorer.

Our center must cooperate with all DCF inspections/investigations. DCF staff may interview both staff members and children.

Our center must post its written statement of philosophy on child discipline in a prominent location and make a copy of it available to parents upon request. We encourage you to review it and to discuss with us any questions you may have about it.

Our center must post a listing or diagram of those rooms and areas approved by the OOL for the children’s use. Please talk to us if you have any questions about the center’s space.

Our center must offer parents of enrolled children ample opportunity to assist the center in complying with licensing requirements; and to participate in and observe the activities of the center. Parents wishing to participate in the activities or operations of the center should discuss their interest with the center director, who can advise them of what opportunities are available.

Parents of enrolled children may visit our center at any time without having to secure prior approval from the director or any staff member. Please feel free to do so when you can. We welcome visits from our parents.

Our center must inform parents in advance of every field trip, outing, or special event away from the center, and must obtain prior written consent from parents before taking a child on each such trip.

Our center is required to provide reasonable accommodations for children and/or parents with disabilities and to comply with the New Jersey Law Against Discrimination (LAD), P.L. 1945, c. 169 (N.J.S.A. 10:5-1 et seq.), and the Americans with Disabilities Act (ADA), P.L. 101-336 (42 U.S.C. 12101 et seq.). Anyone who believes the center is not in compliance with these laws may contact the Division on Civil Rights in the New Jersey Department of Law and Public Safety for information about filing an LAD claim at (609) 292-4605 (TTY users may dial 711 to reach the New Jersey Relay Operator and ask for (609) 292-7701), or may contact the United States Department of Justice for information about filing an ADA claim at (800) 514-0301 (voice) or (800) 514-0383 (TTY).

Our center is required, at least annually, to review the Consumer Product Safety Commission (CPSC), unsafe children’s products list, ensure that items on the list are not at the center, and make the list accessible to staff and parents and/or provide parents with the CPSC website at https://www.cpsc.gov/Recalls. Internet access may be available at your local library. For more information call the CPSC at (800) 638-2772.

Anyone who has reasonable cause to believe that an enrolled child has been or is being subjected to any form of hitting, corporal punishment, abusive language, ridicule, harsh, humiliating or frightening treatment, or any other kind of child abuse, neglect, or exploitation by any adult, whether working at the center or not, is required by State law to report the concern immediately to the State Central Registry Hotline, toll free at (877) NJ ABUSE/(877) 652-2873. Such reports may be made anonymously. Parents may secure information about child abuse and neglect by contacting: DCF, Office of Communications and Legislation at (609) 292-0422 or go to www.state.nj.us/dcf/.
POLICY ON THE RELEASE OF CHILDREN

Each child may be released only to the child’s parent(s) or person(s) authorized by the parent(s) to take the child from the center and to assume responsibility for the child in an emergency if the parent(s) cannot be reached.

If a non-custodial parent has been denied access, or granted limited access, to a child by a court order, the center shall secure documentation to that effect, maintain a copy on file, and comply with the terms of the court order.

If the parent(s) or person(s) authorized by the parent(s) fails to pick up a child at the time of the center’s daily closing, the center shall ensure that:

1. The child is supervised at all times;
2. Staff members attempt to contact the parent(s) or person(s) authorized by the parent(s); and
3. An hour or more after closing time, and provided that other arrangements for releasing the child to his/her parent(s) or person(s) authorized by the parent(s), have failed and the staff member(s) cannot continue to supervise the child at the center, the staff member shall call the 24-hour State Central Registry Hotline 1-877-NJ-ABUSE (1-877-652-2873) to seek assistance in caring for the child until the parent(s) or person(s) authorized by the child’s parent(s) is able to pick-up the child.

If the parent(s) or person(s) authorized by the parent(s) appears to be physically and/or emotionally impaired to the extent that, in the judgment of the director and/or staff member, the child would be placed at risk of harm if released to such an individual, the center shall ensure that:

1. The child may not be released to such an impaired individual;
2. Staff members attempt to contact the child’s other parent or an alternative person(s) authorized by the parent(s); and
3. If the center is unable to make alternative arrangements, a staff member shall call the 24-hour State Central Registry Hotline 1-877-NJ-ABUSE (1-877-652-2873) to seek assistance in caring for the child.

For school-age childcare programs, no child shall be released from the program unsupervised except upon written instruction from the child’s parent(s).
GUIDELINES FOR POSITIVE DISCIPLINE

Positive discipline is a process of teaching children how to behave appropriately. Positive discipline respects the rights of the individual child, the group, and the adult. Methods of positive discipline shall be consistent with the age and developmental needs of the children, and lead to the ability to develop and maintain self-control.

Positive discipline is different from punishment. Punishment tells children what they should not do; positive discipline tells children what they should do. Punishment teaches fear; positive discipline teaches self-esteem.

You can use positive discipline by planning ahead:

- Anticipate and eliminate potential problems.
- Have a few consistent, clear rules that are explained to children and understood by adults.
- Have a well-planned daily schedule.
- Plan for ample elements of fun and humor.
- Include some group decision-making.
- Provide time and space for each child to be alone.
- Make it possible for each child to feel he/she has had some positive impact on the group.
- Provide the structure and support children need to resolve their differences.
- Share ownership and responsibility with the children. Talk about our room, our toys.

You can use positive discipline by intervening when necessary:

- Re-direct to a new activity to change the focus of a child's behavior.
- Provide individualized attention to help the child deal with a particular situation.
- Use time-out -- by removing a child for a few minutes from the area or activity so that he/she may gain self-control. (One minute for each year of the child's age is a good rule of thumb).
- Divert the child and remove from the area of conflict.
- Provide alternative activities and acceptable ways to release feelings.
- Point out natural or logical consequences of children's behavior.
- Offer a choice only if there are two acceptable options.
- Criticize the behavior, not the child. Don't say "bad boy" or "bad girl." Instead you might say, "That is not allowed here."

You can use positive discipline by showing love and encouragement:

- Catch the child being good. Respond to and reinforce positive behavior; acknowledge or praise to let the child know you approve of what he/she is doing.
- Provide positive reinforcement through rewards for good behavior.
- Use encouragement rather than competition, comparison or criticism.
- Overlook small annoyances, and deliberately ignore provocations.
- Give hugs and caring to every child every day.
- Appreciate the child's point of view.
- Be loving, but don't confuse loving with license.

Positive discipline is NOT:

- Disciplining a child for failing to eat or sleep or for soiling themselves
- Hitting, shaking, or any other form of corporal punishment
- Using abusive language, ridicule, harsh, humiliating or frightening treatment or any other form of emotional punishment of children
- Engaging in or inflicting any form of child abuse and/or neglect
- Withholding food, emotional responses, stimulation, or opportunities for rest or sleep
- Requiring a child to remain silent or inactive for an inappropriately long period of time

Positive discipline takes time, patience, repetition and the willingness to change the way you deal with children. But it's worth it, because positive discipline works.
We comply with the Vineland Board of Education Policy 2361

ACCEPTABLE USE OF COMPUTER NETWORKS/COMPUTERS AND RESOURCES

You may access this document by clicking on the link below (or copy and paste the link in your web browser, or you may see a copy at the Parent Information memo board inside the Courtyard School Lobby. The policy covers:

- Standards for Use of Computer Networks
- Internet Safety Protection
- Internet Use and Terms and Conditions
- Electronic Communication
